I intend to put down a well on my own property with a submersible pump which will allow me to irrigate my fields with a Wheel Line as needed.

16. Miscellaneous remarks:

At the present time, I have 40 acre feet of water coming from a well approximately 1000' from my property and 1800' from proposed new well site. Since 1972 water from this well has ran into a cement ditch owned by the Alamo Irrigation Co. I bought these 10 acres in November 2003 and have continued using the ditch to water since that time of purchase. As of

16. continued:

October 2009, Alamo Irrigation Co. will be putting their water in a pipeline and has informed me, at that time they will no longer allow me to use the ditch. When this occurs, I will no longer have the necessary means to irrigate my fields. I implore you to allow the addition of this new well as soon as possible.

Thank you,

William Smith Herring
